

**UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF NEW YORK**

CHEMIMAGE CORPORATION

Plaintiff,

v.

JOHNSON & JOHNSON and ETHICON, INC.

Defendants.

24-CV-2646 (JMF)

**JOINT STIPULATION AND [PROPOSED] ORDER REGARDING EXHIBITS
ADMITTED FOR TRIAL AND EXHIBIT EXCHANGE PROTOCOL**

Plaintiff ChemImage Corporation (“ChemImage”) and Defendants Johnson & Johnson (“J&J”) and Ethicon, Inc. (“Ethicon” and, together with J&J, “Defendants” and, together with ChemImage, the “Parties”), hereby agree and stipulate as follows:

1. The Parties will exchange by 8:00 PM ET each trial day the exhibits they introduced into the record that day and exchange any corrections to the other Parties’ list by 10:00 PM ET. The party who put on their case that day will be responsible for updating columns three and four of the exhibit list and emailing the Court an updated exhibit list before the beginning of the next trial day.¹
2. The Parties will exchange by 8:00 PM ET the night before a trial day the exhibits counsel intends to introduce that day. This applies to exhibits a party expects to be offered on live

¹ Paragraph IX.13 of the Joint Pretrial Order (ECF No. 164) notes that the parties may, “in limited circumstances, such as to address an issue raised that day at trial or for other good cause shown, the parties may add exhibits to their respective exhibit lists from March 1, 2025 onward, throughout the duration of the trial, so long as the exhibits are disclosed as soon as possible, and in any event no later than 6:00 PM ET the day before the party intends to use that exhibit at trial.” Consistent with the provisions of this stipulation and with the Court’s leave, the Parties agree to amend this provision only to the extent that the exhibits referenced by this provision may be disclosed no later than 8:00 PM ET.

direct but does not apply to exhibits to be used solely for cross examination or that are introduced through a witness affidavit. The Parties will also endeavor to disclose the documents they reasonably anticipate using on redirect, but each reserve the right to use on redirect exhibits that were not previously disclosed. This is not intended to modify the Court's order regarding documents required to be included on exhibit lists.

3. Pursuant to Judge Furman's Trial Rule H(6), the party receiving disclosure of proposed exhibits should make any objections to these exhibits that the party intends to raise in Court, and any objections to exhibits referenced in the witness' affidavit that the party intends to raise in Court, by 10:00 PM ET.
4. The Parties will exchange demonstratives intended to be used on direct or redirect by 8:00 PM ET the night before a trial day. This does not apply to demonstratives to be used solely for cross examination. The party receiving disclosure of proposed demonstratives should make any objections by 10:00 PM ET. Consistent with Judge Furman's Trial Rule H(6), the Parties should raise any objections to demonstratives at the same time objections to exhibits are discussed before the opening of the session.
5. The Parties agree that the exhibits in Table 1 below—which include all documents cited in the affidavits of the Parties' fact witnesses—are admissible for purposes of trial. For the avoidance of doubt, this includes the affidavits of Plaintiff's witnesses Dr. Patrick Treado, Dr. Adam Saltman, Dr. Jeffrey Cohen, and the affidavits of Defendants' witnesses Tamara Lanier, Dr. Steen Hansen, Dr. Kevin Lewis, and Rocco De Bernardis. This stipulation does not apply to the exhibits cited in the affidavits of any expert witness.
6. The Parties agree that the exhibits in Table 1 are admissible for purposes of trial:
